Empathy Map

Create an empathy map to understand your customer/user from four perspectives - what they Say, Think, Do, and Feel - in relation to the problem your project addresses. This helps the team build a customer-centric solution.

SAYS • “I want to find events related to my interests” • “I need need to connect with people who have similar skills”	THINKS • “ is there an easier way to find the right people and events” • I might be missing good networking opportunities.”
PERSONA NAME (college student)	

•	DOES
	• “searches for events and communities online.” • “joins networking platforms and students groups.”

•	FEELS
	•frustrated by irrelevant suggestions . confused because there are too many options
